PROTECT PURDUE

A PLEDGE TO STOP THE SPREAD OF COVID-19

As Boilermakers, we keep learning and we keep going. Always taking the next step, together.

And today, as the effects of this pandemic impact our friends, our families, and our world, we must work to protect the health and safety of every member of our campus community.

We will protect ourselves.
We will protect others.
We will protect our Purdue community.

TOGETHER, WE WILL TAKE EVERY SMALL STEP TO PROTECT PURDUE.
PROTECT PURDUE PLEDGE

Being a part of the Boilermaker community means that each of us must take extraordinary steps to stay well and persistently protect each other. Therefore, I will take responsibility for my own health and help keep the Purdue community safe by stopping the spread of COVID-19 and other infections as identified and instructed by the university.

I PLEDGE TO:

1. **PROTECT MYSELF**
   - Monitor for the symptoms of COVID-19 and report to a medical professional if I experience fever of 100.4 F (38 C) or higher, dry cough, difficulty breathing, chills, repeated shaking with chills, muscle pain, headache, sore throat or loss of taste or smell
   - Wash my hands often with soap and water or use hand sanitizer
   - Get vaccinated for the flu each fall

2. **PROTECT OTHERS**
   - Maintain appropriate social distancing, especially in classroom settings or the presence of older members of the community
   - Stay home if I feel ill or after exposure to someone who is ill or has tested positive for COVID-19
   - Wear an appropriate face mask and other protective gear as directed by the university
   - Be positive, sensitive and helpful to anyone around who may be troubled or struggling

3. **PROTECT OUR PURDUE COMMUNITY**
   - Keep my clothing, belongings, personal spaces and shared common spaces clean
   - Participate in testing and contact tracing to preserve the wellness of the community
   - Carefully observe instructional signs and follow directions

EVER GRATEFUL, EVER TRUE
TOGETHER WE WILL PROTECT PURDUE
