

To: All employees that reside in Purdue University isolation or quarantine housing
From: Purdue University
Re: Impact of your stay in Purdue isolation or quarantine housing on taxable income
Date: Fall and Spring semesters 2020-2021

As you have heard from your case manager, there is no out-of-pocket expense for your stay in Purdue quarantine and isolation housing.

Our service provider, Aramark, will bill Purdue University for the costs associated with your isolation/quarantine housing stay. You will not be billed. This benefit is considered taxable income and will be reported on your W-2:

- If you stay 1-5 days, this amount will be \$445.
- If you stay 6-10 days, this amount will be \$555.
- If you stay 11-15 days, this amount will be \$665.

If you have any questions, please call the HR service center at 765-494-2222 or email hr@purdue.edu.
